- Rose Medallion                          Dec. 20 Rose pink sport of Medallion. - (S-1)
- Lynda McLane                          Dec. 25 A late pink pompon with a growth habit that does not  
run into blind growth and a color that is highly acceptable. A much  
needed variety for the late natural crop. - (P)
- Alvoda                                      Dec. 25 (DePetris) Large decorative. Smooth Portrait pink.  
One of the best for spray programs late November thru February. Free  
growth. Habit, size & color improve Defiance, Debutante & Riviera.  
This variety contributes to the 14-week group what Almaga did to the  
11-week group in the year-round flowering programs. For a 14-week pink  
to use in a flowering program grow Alvoda. - (P)
- Sophilia                                      Dec. 25 (DePetris) Latest small pink pompon. Similar to Snow-  
crest in size and habit. Natural season flowering. - (P)
